

Federal Signal announces the New 48" Latitude™ SignalMaster™ Model

Federal Signal introduces the new 48" Latitude SignalMaster directional warning light model. The new 48" Latitude SM is an 8-head version equipped with three LEDs per position and Federal Signal's Solaris® LED reflectors delivering an impressive optical performance for your vehicle. Meeting Class 1 specification and available for both interior and exterior mounting, the Latitude SM is suitable for many vehicle applications. This model comes equipped with the Federal Signal economy SignalMaster control that allows users to easily install and operate built-in directional signals of left, right and center-out.

- Solaris® LED reflector technology
- ROC (Reliable Onboard Circuitry™) technology
- 8-head version
- Three LEDs per position
- Compatible with Federal Signal's interior and exterior SignalMaster brackets
- Innovative co-extrusion, polycarbonate housing provides moisture resistance
- Each model includes left, right and center-out warning signals
- Five-year LED warranty
