

## Split 8-Head CN SignalMaster™ models are now available

Federal Signal announces the newest addition of the Split 8-head CN SignalMaster™ models. These split-models are synchronized to operate as one unit. The Split 8-head CN SignalMaster™ models are built with Solaris® LED reflectors for superior light intensity. Models also include Federal Signal's exclusive SpectraLux™ multicolor LED technology allowing it to change from a warning light to directional light.

### FEATURES

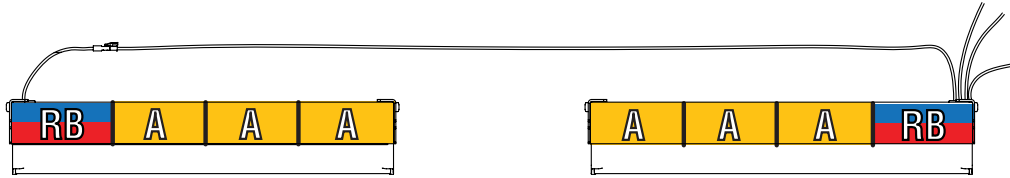

- SpectraLux™ Multicolor LED Technology in combinations of Blue, Red, and Amber
- Solaris® LED assemblies for the highest optical efficiency
- Patented ROC (Reliable Onboard Circuitry™) technology
- Compatible with FS Convergence Network sirens — SSP3000 and SSP2000B
- A serial interface module is available for use with traditionally wired light controllers
- Operates identically to Federal Signal's one-piece, 8-head CN SignalMaster™ models
- Built-in SignalMaster™ directional light
- Suitable for interior and exterior installation
- Ideal for mounting externally on a Dodge Sprinter, Chevrolet G-van, or Ford Transit Van, but can also be mounted on popular police vehicles
