

# Introducing...

## the new patented LED HotFoot™ for the Legend®!

- With the powerful, ultra bright white LEDs found in the Hotfoot, the Legend offers up to a total of four takedown and four alley lights.
- The Legend can be configured with takedowns and alleys only in the Hotfoot -- allowing for more color LEDs in the lightbar.
- Flashing color LEDs in the Hotfoot provide auxiliary lighting in Red, Blue, Amber, Green and White.
- The HotFoot takedowns can be easily adjusted horizontally (seen below) to meet a department's needs.

HotFoot takedowns adjusted forward

HotFoot takedowns adjusted at 45°

HotFoot takedowns adjusted at 90°

Use the online configurator at <http://www.fedsig.com/products/config> to order your next Legend lightbar with the new LED HotFoot.
