

Six-Button Controller

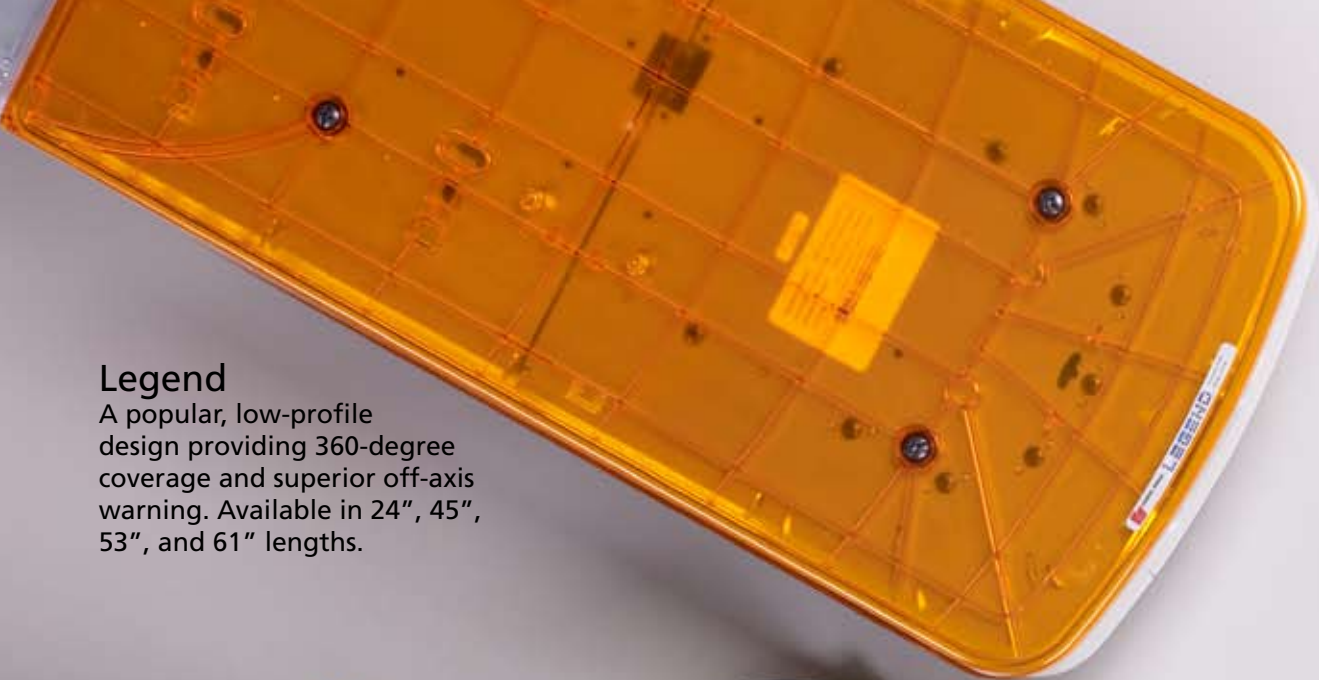

A tough job made easier.

Shown at actual size.

Legend

A popular, low-profile design providing 360-degree coverage and superior off-axis warning. Available in 24", 45", 53", and 61" lengths.

Raydian S2

A premium all LED lightbar featuring new ultra white LED takedown and alley lights and the patented HotFoot™ lighted mounting feet for true 360-degree continuous coverage. Available in 42" and 52" lengths.

Arjent S2

A low-profile, elliptical shape with Solaris® optics and curved end-caps providing 360-degree coverage and excellent off-axis warning. Available in 36", 44", and 53" lengths.

Six reasons why Federal Signal's Six-Button Controller can make your job easier.

1. Simplified installation with fewer wire connections saves time and money — separate switch controls are not required.
2. Enhanced functionality lets you take advantage of all the lightbar has to offer, including built-in directional signals.*
3. Six pre-programmed keypad configurations provide flexibility in choosing lightbar functions.
4. Flash pattern and keypad configuration selection is quick and easy.
5. Swivel mount bracket is included for mounting the controller on any angled surface.
6. Quick installation is made possible with Federal Signal's serial communication products' plug-n-play computer cable connection.

*Use for light control only; siren tones not included.
