Federal Signal Introduces the MicroEscape LED Beacon

Federal Signal proudly announces the new MicroEscape LED beacon. The new MicroEscape offers exceptional performance by incorporating Solaris™ reflector technology and a built-in Intelli-Flash™ LED flasher. Each MicroEscape includes a permanent mount kit so no additional hardware is required and several models are available with various lens and LED color combinations. The MicroEscape LED beacon can be used for a variety of applications and is suitable to compliment an NFPA compliant lighting system.
