Update: 271 | 7/15/08

## New 22" Escape Lightbar

Federal Signal introduces the 22" Escape lightbar. The Escape features QuadraFlare™ reflector technology for superior performance. Two choices of permanent mounting kits are available and are sure to compliment a variety of applications. Select one of our preconfigured models or customize a lightbar using our exclusive on-line configurator (<http://www.fedsig.com/products/config/>). The features and performance of a the 22" Escape make it ideal for large apparatus in both the Fire and DOT industries.
