

## Federal Signal introduces the new Valor— a non-linear, low-profile LED lightbar

Valor was designed for officers that rank safety as a top priority and desire a low profile appearance. Standing only 2-inches tall, the distinct shape and Solaris LED reflector design provides 360-degrees of light output and impressive off-axis lighting. In comparison to linear lightbars, Valor's shape was engineered to outperform at 45-degree and 90-degree angles, critical for intersection clearing.

What is also impressive is the flexibility and performance built into this lightbar. Exclusive to Federal Signal is the SpectraLux multicolor LED technology, FS Convergence Network for simple installation, ROC technology for increased reliability and HotFoot for flexibility.

Visit our website at [www.fedsig.com](http://www.fedsig.com) and download the [Valor](#) brochure to see how this non-linear, low-profile LED lightbar is ranking safety as a top priority.

### Exclusive to Federal Signal's Vision SLR:

- **SpectraLux** multicolor LED technology provides the ability for a single light source to change color while in motion. Individual Smart Pods can be programmed to flash between Red, Blue, Amber or White.
- Superior flood light capability for quick illumination of an emergency scene
- **ROC** patented technology engineered to reduce failure parts and reduce labor repair time keeping vehicles on the road longer
- **CONVERGENCE network** compatible for "plug-n-play" installation and programming
- Optional LED **HotFoot**™ mounting for LED Takedowns and alley lights or Slate™ (ALPR) cameras
- Quick disconnect for easy service removal from the vehicle
- Single-color lighthead offered in Amber, Blue, Green, Red or White
- Optional LED alley caps
- Available in 44" length

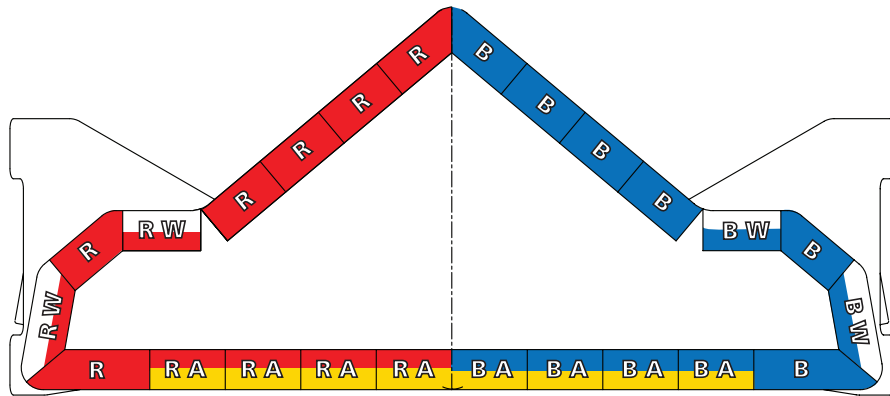

Model	Description	List Price
<b>44" Models - Choice of hook kit or permanent mount kit included</b>		
VALR44-00001	44", (6) Red LED reflectors, (6) Blue LED reflectors, (2) Blue/White LED reflectors, (2) Red/White LED reflectors, (4) Red/Amber LED reflectors, (4) Blue/Amber LED reflectors, Black hook mount, interface module	\$3,350.00
VALR44-00004	44", (1) Red LED reflectors, (1) Red LED reflector, (7) Red/White LED reflectors, (7) Blue/White LED reflectors, (4) Red/Amber LED reflectors, (4) Blue/Amber LED reflectors, Black hook mount, no controller - use with SSP3000	3,800.00

**Accessories and Kits**

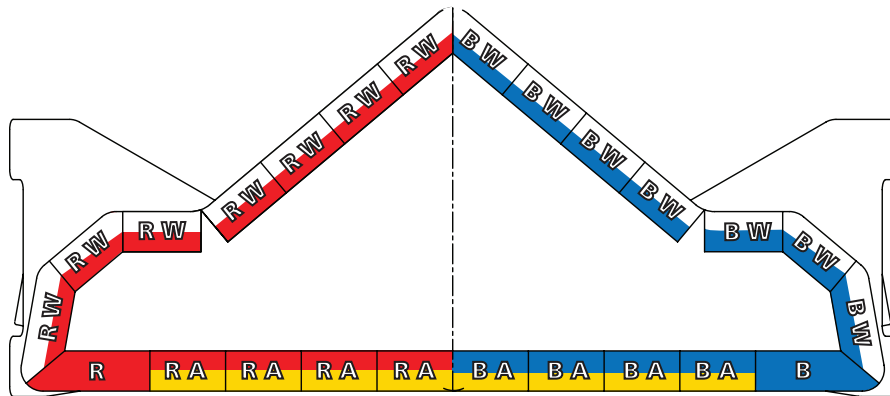

HKB-Model	Hook required with hook-on mount, specify vehicle	40.25
LPO-HOOK	Kit, hook-on foot (require use of hook kit)	175.00
LPO-PERM	Kit, permanent mount	175.00

**Note**

- Opticom available for external mount only.
