24V and Split-color LED HighLighter™ Models Now Available!

Federal Signal's popular LED HighLighter mini-lightbar has added some additions to its product family.

Features

- Low-profile modular design utilizing industry leading HighLighter styling and mounting footprint.
- Incorporates ROC (Reliable Onboard Technology™) LED technology.
- Available in solid or split color combinations.
- 24 VDC models available (solid color only).
- Uniform 360-degree light distribution; no dark spots or shadows.
- More than twenty user selectable flash patterns.
- Magnet Select™ feature; easily switch flash patterns using a magnet (magnet key chain included).
- Synchronize or alternately flash with multiple HighLighter LED units or a variety of other LED light heads.
- Contains two-channel high-side flasher that synchronizes other light heads (up to 7.5 amps per channel).
- Variety of mounting options.
- Meets SAE J845 Class 1 specifications.
