

Announcing the PA300R Remote Mounted Control Siren

Building on one of our most popular siren platforms, Federal Signal is pleased to announce the PA300R featuring remote mount controls. The PA300R has the functionality of the traditional PA300 100/200-watt siren including wail, yelp, air-horn, hi-lone tones, manual, and noise cancelling microphone with volume control. In addition, the PA300R allows the user to install the controls virtually anywhere inside the vehicle for both driver and passenger access. Models are available with one control head or two and every model features a microphone with volume control. All controls may be mounted for driver or passenger convenience.

Full Featured 200-Watt Siren

- Full Featured 100/200-watt Siren
- May be used with (1) or (2) 100-watt speakers or with (1) 200-watt speaker
