

# ALLEGIANT®

## 21-INCH ALLEGIANT® LIGHT BAR NOW AVAILABLE WITH FSJOIN™

### FEATURES

- FSJoin™ is available for serial-controlled Allegiant® light bars in 21-, 45-, 53-, 61-, and 70-inch lengths
- All FSJoin-compatible products can be programmed through the [Convergence Network Configuration Software](#)
- Allows firmware updates through the Convergence Network Configuration Software without opening the product or using an ROC programmer
- Easy synchronization of the light bar to warning lights
- Simplified programming and full customization of light bar patterns and position color activation

Federal Signal is excited to announce that the 21-inch Allegiant Serial light bar is now available with FSJoin™ technology. FSJoin is a programming feature of Federal Signal's FS Convergence Network configuration software that enables the synchronization of light bars and warning lights to operate as a unified vehicle solution.

### Convergence Network Configuration Software

Through the Convergence Network Configuration Software, you can program each individual light head to do a variety of functions. In addition to syncing the 21-inch Allegiant light bar with other FSJoin-compatible products and creating your own custom flash patterns, the software allows you to program various functions such as the ones listed below:

- Create separate color modes
- Choose takedown modules
- Choose alley modules
- Cruise individual modules
- Program flash rates for individual modules
- Work lights / rear flood lights

### TECHNOLOGIES

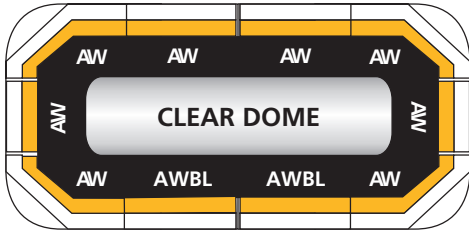

### How to upgrade a non-FSJoin™ Allegiant® to be FSJoin-compatible

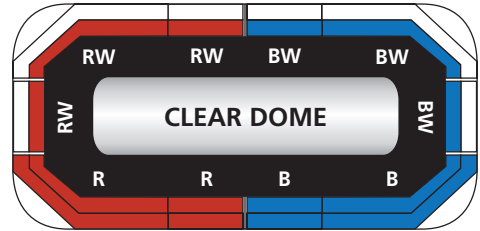

Not sure if your 21-inch Allegiant light bar is FSJoin-compatible? Look for the "Allegiant FSJoin™" nameplate on the ends of your light bar. If you have a 21-inch Allegiant Serial light bar that you want to upgrade to be FSJoin-compatible, you must replace the ROC board (part number begins with ALS0492A).

**HOW TO ORDER**

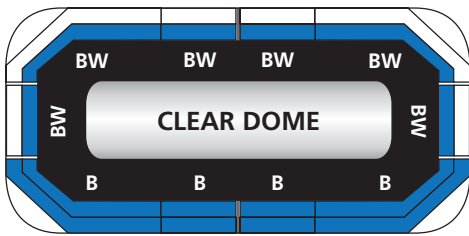

Choose from the popular configurations below or visit our light bar configurator to build a custom 21-inch Allegiant®.

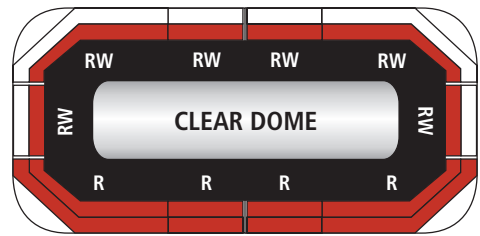

ALGT21J-AMBR3BP4

ALGT21J-POLICE1

ALGT21J-POLICE2

ALGT21J-FIRE1

**TIMING**
