

Latitude™ SignalMaster™

Directional Warning Light

FEATURES

- LED directional warning stick light
- Available in 6- or 8-head models
- (3) LEDs per position
- Interior and exterior mounting brackets are available; compatible with Federal Signal's SignalMaster brackets
- Innovative co-extrusion, polycarbonate housing provides moisture resistance
- Each model includes left, right and center-out warning signals
- Five-year warranty

A Complement To Any Warning Solution

Latitude™ SignalMaster™ is an addition to Federal Signal's family of SignalMaster directional lights. Equipped with (3) LEDs per position and Federal Signal's Solaris LED reflectors, the Latitude SignalMaster delivers impressive optical performance for your vehicle. This directional stick light is available as a 6-head (24-inch) and 8-head (32-inch and 48-inch) model suitable for many vehicle applications.

Latitude SignalMaster includes the economy SignalMaster controller that allows for easy installation. The controller operates the built-in warning signals of left, right and center-out for rear traffic direction.

A Simple Concept You Can Depend On

Built to last, the Latitude is engineered with ROC (Reliable On-Board Circuitry™) technology. ROC eliminates failure points found in similar warning products. Available for both interior and exterior applications, this sensible warning light is built with an innovative co-extrusion, polycarbonate housing for moisture resistance. Latitude SignalMaster is compatible with SignalMaster brackets. Both interior and exterior brackets are available.

APPROVALS

- SAE J595 Class 1
- SAE J845 Class 2
- CCR Title 13
