

Federal Signal releases Navigator® lightbar video

Lights Camera Action. Federal Signal proudly presents the Navigator lightbar video. This newly released video showcases Navigator's distinct features and exclusive technologies in a linear, high-profile platform. Be the first to view it on Federal Signal's YouTube channel and www.fedsig.com.

Navigator® features:

- **Linear, high-profile LED lightbar** that offers first responders an unique choice of using LED reflectors and LED rotators in one platform.
- Designed to fit the need of **multiple agencies**, the Navigator's options and overall flexibility are ideal for fire apparatus, command/fleet vehicles, police and work trucks/DOT.
- **Multiple lengths** available to fit a variety of fleet applications. Available in 10", 18", 25", 45", 53", 60", 73" and 87" lengths.
- Patented **SLR technology** (Solaris LED Rotator) optimizes LEDs for true 360-degree light output.
- Patented **Solaris® technology** incorporated in **SLR** and **QuadraFlare®** modules.
- **Pre-configured models** meet NFPA 1901 and J845 Class 1, GSA-KKK-A-1822F and CAC Title 13 standards.
- **Two-color capability** with LED colors in Red, Blue, Amber, White and Green.
- **Flood light feature** illuminates the front of the vehicle and virtually eliminates the need for additional spot lights.
