

## New Latitude SignalMaster™ models with flashing ends are now available

Federal Signal introduces four new Latitude SignalMaster models with the ability to independently flash the end modules. The eight-head Latitude SignalMaster models utilize Solaris LED reflectors and feature six-head directional warning with two independently flashing end modules

### FEATURES

- 6-Head LED SignalMaster with flashing ends
- Suitable for both interior and exterior mounting applications
- Solaris® LED reflectors for the highest optical efficiency
- ROC (Reliable Onboard Circuitry™) reduces potential failure points found in a typical lighting system
- Innovative co-extruded polycarbonate housing provides moisture resistance
- Three LEDs per position
- Each model includes (28) eight-head flash patterns, (5) two-head flash patterns (end modules), and (5) directional patterns per each direction (5 left, 5 right, 5 center out)
- Includes a 30-foot cable
- Five-year warranty

Orders can be placed today and shipment will start in July.
