- Meets IP67

Built to Illuminate

Commander® Series Flex Lights are flexible strip lights ideal for illuminating compartment spaces on work trucks and fire trucks. To accommodate all the various applications, these lights are 1/2" wide and come in various lengths including 9", 18", 27", 36", 45", 54", and 63".

Constructed for durability

Commander Series Flex Lights feature Cool White LEDs to provide increased work area visibility. This interior light is constructed with a silicone overmold that is very durable and flexible in nature. This allows for easy installation as the lights can bend and bow to be installed in standard and custom sized truck boxes.

All models come equipped with 3M™ acrylic tape on the back for easy installation. For additional mounting stability, a mounting kit with mounting clips and screws is included. Each Commander Series Flex light is backed by a three-year warranty.
