- Five-year warranty

APPROVALS

- Certified for NFPA 1901 and NFPA 1917 when properly configured

Versatile Interior Light
The COM6 Series LED Compartment Lights feature a low-profile design and surface mount that allows for versatile mounting options on a vehicle; such as cargo areas, trunks, driver/passenger overheads, and other compact spaces.

Easy Operation and Variety of Models
Single color models are available with White LEDs and dual color models are available with Red/White and Blue/White LEDs. COM6 lights feature a conveniently located On/Off switch for easy operation, and the switch allows for separate control of colors when using dual color models.

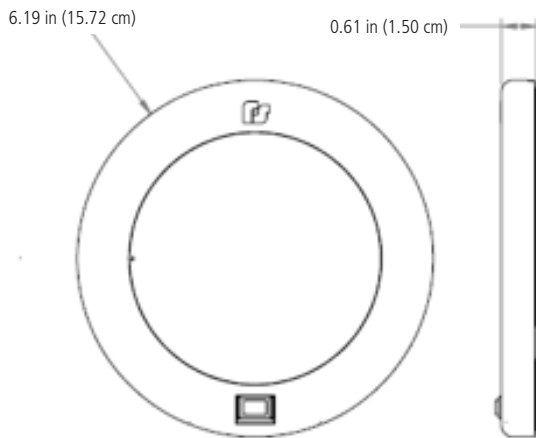

Red and Blue compartment lighting provides improved nighttime vision
