

25500597 REV. A0 0819

Installing the Interface Cable

This publication has instructions for installing the Pathfinder Vehicle Interface Cable in a 2020 Ford.

To install the interface cable:

1. Locate the Ford connector behind the passenger side kick panel.
2. Unplug the connector, and then plug in the Federal Signal 17502080 inline.
3. Plug the other end of the 17502080 cable into the Pathfinder. Refer to the Pathfinder Installation Manual (25500463).

Programming FS Vehicle Integration

All programming is done using the Convergence Configuration Software. You will need to know the model year of the vehicle. Signals and vehicle events may vary by model year.

Getting Technical Support

For technical support, please contact:

Federal Signal Corporation

Service Department

Phone: 1-800-433-9132

Email: empserviceinfo@fedsig.com

Getting Repair Service

The Federal Signal factory provides technical assistance with any problems that cannot be handled locally.

Any units returned to Federal Signal for service, inspection, or repair must be accompanied by a Return Material Authorization (RMA). Obtain a RMA from a local Distributor or Manufacturer's Representative.

Provide a brief explanation of the service requested, or the nature of the malfunction.

Address all communications and shipments to the following:

Federal Signal Corporation

Service Department

2645 Federal Signal Drive

University Park, IL 60484-3167

Ordering Replacement Parts

To order replacement parts, call Customer Support at 1-800-264-3578, 7 a.m. to 5 p.m., Monday through Friday (CT) or contact your nearest distributor.
