

SW300-B

SW200-B

## ► SW300-B / SW200-B | Switch Controls

### FEATURES

- Switching of up to seven auxiliary functions
- 20 A fuses and 20 A switches are standard
- Standard, high current slide switch and non-slide switch models available
- Backlit for LED function identification
- Easy installation
- Three-year warranty

Federal Signal offers a family of switch control models to activate a variety of lighting functions. Model SW300-B has six rocker switches for control of virtually any type of lighting function. Model SW200-B offers the same quality and features of the SW300 with four rocker switches. Model SW400SS-B provides switching for seven separate lighting and auxiliary functions that include four rocker switches and a three-position slide switch.

All models are equipped with a backlit or LED function identification for nighttime viewing. A variety of easy to install legends are included to customize the switch box.
