

Model 750501

▶ AS124 | Economy Speaker

FEATURES

- Economically priced speaker
- Rugged, lightweight housing
- Field replaceable neodymium driver
- Easy installation
- Heat resistant/flammability classified material. (UL approved)
- Meets/exceeds SAE J1849 and CCR Title 13, Article 22, Class "A" for sound output
- Two-year speaker warranty

APPROVALS

- SAE (J1849) and CCR (Class "A") for sound output.
- UL (Class 94HB) approved material flammability rating.

Performance and Affordability

The Federal Signal AS124 speaker uses advanced housing material and field replaceable Neodymium drivers to provide an effective, high-quality sound. The AS124 is an affordable 100 W speaker solution that does not compromise sound output.

Durable Housing

The AS124 speaker housing is molded from composite plastic — 30% glass-filled PET (polyethylene terephthalate). This high-strength composite is a chemical resistance material to maintain rigidity at high temperatures.

High-Powered Sound

The driver component of the AS124 is made of a Neodymium magnetic material. Neodymium is a strong, efficient driver material. The AS124 meets SAE, CCR, Title 13 and Class "A" specification requirements for sound output.

Versatile Mounting options

The AS124 speaker can be mounted on a bumper or installed behind the grille of a variety of police cars. The speaker comes with mounting bolts and a hardware kit allowing for easy installation under the hood of most police cars and fire trucks. The AS124 driver is field replaceable and can be easily rotated allowing for either vertical or horizontal mount orientation.

Specify Model

- 750501 AS124 100 W low cost speaker with standard mounting bolts and hardware
- 750501V AS124 100 W low cost speaker for vertical-mount applications

Optional Equipment

- 750501-07 Bracket kit for vertical-mount applications, no grille, removal, push-bumpers
- 750501-08 Bracket kit, no grille removal, Dodge Durango 2015-2020, does not mount with Rumbler®
- 750501-09 Bracket kit, no grille removal, Dodge Charger, 2015-2020
- 750501-11 Bracket kit, no grille removal, Chevy Tahoe, 2015-2020, does not work on models with "active shutter"
- ESBL-FPIU20 Combination bracket kit - (1) ES100C or (1) AS124 and (2) IPX/MPS lights behind grille, will not work with hybrid models, Police Interceptor Utility, 2020
- ESB-FPIU20NDB No drill, bracket only - (1) ES100C or (1) AS124, Police Interceptor Utility, 2020
- ESB2-FPIU20NDB No drill, dual speaker bracket only - (2) ES100C or (2) AS124, Police Interceptor Utility, 2020

Specifications

Input Voltage	32VRMS
Power	100 W
Sound Output	SAE J1849 CCR Title 13, Class "A"
Impedance	11 Ohms

Physical Specifications

Height	5.7 in (14.5 cm)
Depth	4.7 in (11.9 cm)
Width	7.7 in (19.6 cm)

Ship Weight

6 lbs (2.7 kg)
