

**INSTRUCTION SHEET  
FOR  
RICOCHET™ STROBE CABLE ADAPTER  
MODEL 413202**

**⚠ WARNING**

**Always refer to the Installation Instructions supplied with the Ricochet Strobe Power Supply before installing this cable. Failure to do so may result in a shock or fire hazard.**

**A. GENERAL.**

The Model 413202 cable adapter mates the Ricochet Strobe Power Supply with the wiring/pinning convention of the original series of Federal Signal Strobe power supplies (i.e. SPS4, SPS2, and SPS6).

**B. INSTALLATION.**

Mate the adapter cable's white connector with the existing wiring's white connector. Mate the adapter cable's red connector with the Ricochet power supply's red connector. Test for proper operation.
