

VSLR LED Rotator

Rotating LED Beacon available from Federal Signal.

Federal Signal has combined the superior light output of a rotator with the advantages of LED. The result is the new IVP SLR beacon with Solaris LED reflector technology.

Available in two styles, the VSLR1 features red or amber LEDs and may be used as part of an NFPA lighting package. The VSLR-IPX-RA and VSLR-IPX-RA2 features a red LED Rotator and IPX6 light in an attractive housing and is NFPA compliant.

Features

- Modern dome design complements the appearance of the Vision® SLR family of lightbars
- Domes are available in Clear or Red

Shipments begin April 2012
