

## Introducing the New Legend LPX Discrete Lightbar

Federal Signal is pleased to announce the release of our new Legend LPX Discrete lightbar. The new LPX Discrete lightbar features Federal Signal's distinctive technologies—Solaris® LED reflector technology and ROC (Reliable Onboard Circuitry™)—at an economical price.

The LPX Discrete lightbar has a traditional 9-conductor cable that is ideal for a variety of applications including Tow and Recovery vehicles. Additionally, the Legend LPX Discrete is an all-LED lightbar that can be custom configured with features including stop/turn/tail, alley, takedown and work lights. The lightbar comes equipped with two flashing mode with (10) selectable patterns and the front and rear of the bar can be independently controlled for added flexibility.

### Features

- > All-LED lightbar—LED Worklights and LED STT
- > Available in 24", 45", 53", 61" and 70"
- > Independently controlled front and rear flashing
- > Two flashing modes
- > (10) selectable flash patterns
- > Five-year LED parts warranty
- > Voltage—12.8 VDC

*For additional lighting, center section upgrade kits with Solaris LED reflectors are available.*

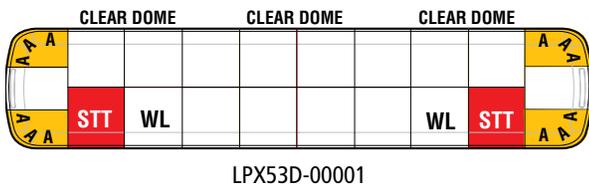

*Federal Signal's ROC technology allows for field replacement of upgrade kits.*

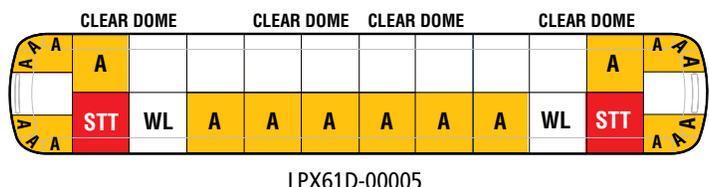

## How to Order

Choose from one of the pre-configured models below or utilize Federal Signal's online lightbar configurator at <http://config.fedsig.com/lightbar/> to customize your own lightbar.
