

FireBeam warning lights to be discontinued

Due to steadily-declining market demand for halogen warning lights, Federal Signal will be discontinuing the FireBeam halogen warning light product line.

All "FB3MEF" beacon models, "FB3C" half dome cover models, and the "UF7" mirror will no longer be available.

Timing

New orders for the discontinued models will no longer be accepted after February 29, 2012. Any new orders received must be for shipment prior to March 31, 2012.

Recommended Alternative

Federal Signal offers a wide variety of LED warning lights suitable for a variety of applications. Contact our Customer Support department at 1-800-264-3578 or your local Federal Signal representative for assistance specifying an alternative to the FireBeam products.

For more information, please contact your local Federal Signal sales representative, visit our website at www.fedsig.com or contact us at 1-800-264-3578.
