NEW Product Selection Catalogs!

A new catalog is NOW available. In addition to the supply we shipped out to each office, we recently also shipped out a few comb-bound catalogs (pictured here) to each Manufacturer's Representative office. These were ordered as a limited quantity and are ideal for use by your inside sales team. Please note that we evenly distributed the quantity we had and these are not available to for re-order.

Catalogs are also now available through our online [literature site](#). We are currently working on an interactive .pdf and will let you know as soon as it's available.

Feel free to contact Gabriella Churchill (gchurchill@fedsig.com) or Katherine Miceli (kmiceli@fedsig.com) with any questions.
