

# PRO LED BEACON

## NOW AVAILABLE WITH ROTATING PATTERN

Federal Signal is pleased to announce the upgrade of our Pro LED Beacon to include the highly desired rotating pattern. To facilitate inventory and production changes that have been made to our Pro LED Beacon, Federal Signal will be changing the model numbers for this product line. The Pro LED Beacon "Series B" (-SB) models will replace the non-SB models. Additionally, all auto-dim models will be discontinued. The auto-dim feature will be available by special request only.
