

Arjent S2 lightbar product line to be discontinued

Timing

New orders for Arjent S2 models will no longer be accepted after December 31, 2013. Any new orders received must be for shipment prior to January 31, 2014.

Exception

A limited number of pre-select Arjent S2 models will continue to be available after 12-31-2013, in order to meet the requirements of various existing end-user contracts.

Recommended Alternatives

As a substitute for the Arjent S2 lightbar, Federal Signal recommends the innovative VALOR LED lightbar.

- SpectraLux™ multicolor LED technology available in combinations of Amber, Blue, Red or White
- Patented ROC (Reliable Onboard Circuitry™) technology
- Solaris® LED reflector technology for better optical efficiency
- FS Convergence Network for "plug-n-play" installation and programming
- Optional quick disconnect for easy service removal from vehicle
- Optional LED HotFoot® mounting for LED alley and takedown lights
- Single-color lightheads offered in Amber, Blue, Green, Red or White
- Only 2-inches tall (not including mounts)
- Integrated vortex generators for increased fuel efficiency and reduced wind noise
- Available in 44" and 51" lengths

Features Federal Signal Exclusive Technologies:
