

Federal Signal discontinues Cuda TriOptic 351012F and 352022F LED lights

Federal Signal will be discontinuing all remaining models of the Cuda TriOptic product line. This change affects all model numbers beginning with 351012F and 352022F.

Timing:

New orders for the **351012F** and **352022F** series of models will no longer be accepted after October 31, 2013. Any new orders received must be for shipment prior to November 30, 2013.

Recommended Substitutes:

Federal Signal's MicroPulse, IMPAXX and Viper EXT families of LED warning lights are the recommended substitutes for the Cuda TriOptic models that are being discontinued.

IMPAXX

Viper EXT

MicroPulse
