

## Transition to MicroPulse™ Series B

In preparation for new products in the MicroPulse family, the current MicroPulse Series A will be transitioning to MicroPulse Series B starting the week of April 28, 2014. This change will affect all MicroPulse 300, 350, 600, 650 and 1200 models.

The Series B models will have the same physical appearance and features of the Series A models, but the different Series' cannot be synchronized together. Series A models can only be synchronized with Series A and Series B models can only be synchronized with Series B. MicroPulse Series B models will be able to synchronize with future product releases.

MicroPulse model numbers are not changing, to determine if you have a Series A or a Series B, please refer to the product label located on the light.
