

Federal Signal introduces the new PBX Series push bumper product line.

This new offering provides front-end protection for the Ford Police Interceptor Sedan, Ford Police Interceptor Utility, Dodge Charger Pursuit, and Chevy Tahoe.

This extremely strong design is manufactured with 4 gauge steel and is engineered to provide extra protection to the grille, front end, and police officer. No drilling is required, making installation quick and easy. The PBX Series also offers three options for the 14-gauge steel top channels, so you can easily install warning lights on your push bumper.
