Federal Signal introduces the new LP800 Solaris Series Beacon

The new LP800 warning lights, with Solaris® LED reflector technology, provides excellent results as a priority light for fire apparatus, ambulances and work trucks. The LP800 Solaris Series Beacon has two Solaris reflectors with 15 powerful LEDs.

FEATURES

- Solaris technology maximizes the LED light source for full 360-degree of light output
- Two-levels of 15 Solaris LED rings
- Low amp draw
- Durable shock proof polycarbonate lens with reinforced nylon base
- Meets NFPA Rear Zone C Upper
- Permanent Mount
- Five-Year Warranty

Two layers of Solaris LED reflectors
