## Federal Signal Releases the New Lights and Accessories Guide for the Ford 150

Federal Signal releases a new **Lights and Accessories Guide** for the **Ford F150**. This brochure showcases color photos of Federal Signal's lightbars, interior and exterior perimeter lights, area lighting, directional lighting and metal accessories installed on the vehicle as well as information on back-up alarms and beacons.

In this compact-sized brochure is a lightbar matrix which includes lightbar features, lengths, available options and our exclusive technologies. There is also a convenient product index listing the model numbers and descriptions of each of the products used throughout the brochure.

The guides are available on Federal Signal's website and can be ordered today through our on-line media site: <http://media.fedsig.com/catalog/commercial-transportation-systems/brochures>
