Federal Signal Announces the new XStream™ Interior Mount Warning Lights

XStream™ is an interior mount LED warning light that can be installed almost anywhere inside a police car, fire commander and volunteer fire vehicle, or a work truck. This streamline warning light is available in single or dual head configurations and are available with a cigarette plug or wire leads that allow for synchronization. Ideal for dash/deck, headliner, and window mount applications, each model includes a light head, two suction cups, bail and pivot brackets, mounting hardware and three different length snap-on visors making installation quick and versatile.

XStream comes standard with Federal Signal's Solaris® LED reflector for optical efficiency and the SpectraLux® multicolor LED technology with three colors in each light head in combinations of Amber, Blue, Green, Red and White.

FEATURES

- Solaris® LED reflector technology for better optical efficiency and superior off-axis warning
- SpectraLux® multicolor LED technology in combinations of Amber, Blue, Green, Red and White
- Each light head includes three colors with 6 LEDs of each color (18 LEDs total)
- Low profile design
- Available in single or dual head models
- Black polycarbonate housing
- Each model features two recessed buttons, one to change flash pattern and other for color mode
- (25) Flash patterns including random and steady; (10) color modes
- Versatile mounting brackets and snap-on flash guards included
- Choice of cigarette plug or wired models
- Cigarette plug models include two switches for on/off and steady-burn
- Five-year warranty
