

## Introducing the New Redesigned 7x3 QuadraFlare® LED

Federal Signal is pleased to announce the new redesigned 7x3 QuadraFlare LED perimeter light. The new 7x3 QuadraFlare® is designed with a unique reflector technology for superior off-axis warning and are backed by a five-year LED warranty. Each model comes with a built-in flasher featuring (26) selectable flash patterns that can be used on a variety of vehicles including municipal, utility, tow and recovery, ambulances, command vehicles and brush trucks. Models are available with an optional chrome-plated trim bezel for a traditional finish.

### NEW FEATURES

- Components reduced by half for a more efficient and reliable design compared to previous QuadraFlare designs
- Old QL73 models have (8) LEDs, whereas, new QL73 models have (12) LEDs in Amber, Blue, Green, White and (16) LEDs for Red
- New QL73 models produce 45% more light than the previous QL73s
- New locking bezel design with integrated mounting fasteners (sold separately)

### FEATURES

- LEDs available in Amber, Blue, Green, Red or White
- Offered with built-in flasher featuring (26) selectable flash patterns
- Single model offers both "split" and "solid" flashing capabilities
- Optional chrome-plated trim bezel available
- Gore-Tex gasket that allows the unit to breathe, eliminating condensation and water retention
- Uniquely designed PC boards that incorporate LEDs onto the surface providing fewer connections for increased reliability
- Enhanced lens design provides outstanding performance to meet various industry lighting specifications
- Surpasses NFPA and GSA K-spec compliant lower level requirements
- SAE J845, J595 Class 1; White, Class 2
- CAC Title 13
- Five-year LED warranty
