

New Bezels Available for MicroPulse® 1200 Ultra Models

New oval bezels are available for the MicroPulse® 1200 and 1220 Ultra models. The 5" oval bezel gives the MicroPulse 1200 Ultra a more traditional look for fire apparatus and fits the same mounting holes as similar products in the market. The oval bezel is available in chrome or black. The bezel works with every model in our MicroPulse 1200 Ultra family giving you the option of single color, dual color, or split-color lights. The bezel will also work on the new MicroPulse 1202U models which have a colored lens.
