

New MicroPulse® Ultra License Plate Brackets are Now Available

New MicroPulse® Ultra license plate brackets are now available. Brackets MPSM6-LPV1 and MPSM6-LPV2 mount (2) MPS6U lights on each side of the license plate and can be mounted on a variety of vehicles.

Bracket MPSM6-LPV1 mounts the license plate in the factory-made location, whereas bracket MPSM6-LPV2 lowers the license plate by 1.05 inches to provide extra clearance above the license plate. This license plate bracket would be ideal for vehicles that have a backup camera or another device installed above the license plate.

MPSM6-LPV1

MPSM6-LPV2
