Federal Signal Releases New “B Series” of the 17-button Pathfinder® Controller

Federal Signal is pleased to announce the release of the “B” series of the 17-button Pathfinder Controller. The new PF200S17B offers the same functionality, features, and size as the previous series, but is now available with dual color back-lit push buttons.

The new dual color back-lit push buttons can be programmed in nine different color options through the Convergence Network Configuration Software. The color options include Red, Blue, Green, Cyan, Magenta, Yellow, White, Purple and Amber.

The current PF200S17 model number is being discontinued.

FEATURES

- 100/200 W siren and light controller with PA and noise-canceling microphone
- Built-in dual-tone capability when used with two speakers
- Built-in Rumbler® traffic clearing capability
- Optional FS Vehicle Integration/On-Board Diagnostics Integration (OBDII)
- Programmable timer feature
- Siren tones, PA, Radio Rebroadcast and Air Horn
- Library of selectable siren tones includes SmartSiren®, Unitrol™, PA300 and Powercall siren tones
- Horn Ring Transfer and Park Kill
- Back-lit LEDs on control faceplate emulate SignalMaster™ directional warning operation
- (7) programmable inputs and (12) programmable solid-state relay outputs
- Convergence Network Configuration Software allows for easy customization of siren and light controls
- (2) FS Convergence Network ports
- Dual color back-lit push buttons programmable in nine color options (Red, Blue, Green, Cyan, Magenta, Yellow, White, Purple and Amber)
- Standard voice messages are available in English, Spanish, and French Canadian to broadcast alerts. Custom voice messages available for an additional fee
- Five-year warranty
