

# Q2B SOLENOID AND FOOT SWITCH KIT

**NEW Q-SIREN® SOLENOID AND FOOT SWITCH KIT IS NOW AVAILABLE**

A new Q-Siren® Solenoid and Foot Switch Kit is now available for installing a Q-Siren on a fire apparatus. This kit includes a heavy-duty solenoid rated for the high-current draw of the Q-siren. The solenoid is operated remotely by the included low-current, pedal-type foot switch, allowing the installer to use smaller-gauge wiring in the cab of the apparatus. The kit also includes a momentary button for Q-Siren brake application.

## HOW TO ORDER

| MODEL     | DESCRIPTION                        | 2021 LIST PRICE (US) |
