

FIRERAY® LED 6X4

NOW AVAILABLE IN DUAL-COLOR

[shown with optional Black and Chrome bezels]

Federal Signal's FireRay® LED 6x4 perimeter lights are now available in a dual-color option. FireRay LED perimeter lights offer a variety of lighting options with a unique look that accommodates multiple mounting applications on fire apparatus, ambulances, work trucks, and police vehicles. LED colors for the new dual-color models are available in Amber, Blue, Red, or White.

FEATURES

- LED colors available in Amber, Blue, Red, or White
- Models include steady burn pattern that can be used with Pathfinder® internal flasher or other external flashers and multiplex systems
- Up to (20) dual-color units can be synchronized to flash simultaneously or alternately
- (13) selectable flash patterns and (4) flashing modes: full flash, left/right split flash, top/ bottom split flash, and criss-cross split flash
- FSJoin™ enables the synchronization and programming of light bars and exterior/interior lights that works in conjunction with the Pathfinder® Siren
- Low power feature decreases warning lights to 40% of normal power
- Surface mounts with or without a bezel. Fits industry standard mounting hole pattern
- Optional Black or Chrome bezels sold separately
- IP67 Rated for protection against dust and water
- Five-year warranty
