

NEW PRODUCT CERTIFICATION

MODEL LP57 IS NOW IP69K

Model LP57 Mini LED Beacon Series is now IP69K compliant. The LP57 Mini LED light has an opaque lens available in single- or multi-color. It is ideal for applications requiring low profile signaling. Multi-color models feature a single flash pattern and offer seven color options in one device. The LP57 is rated Type 4x and offers a self-extinguishing polycarbonate housing that protects against vibrations, dust, and atmospheric elements. Each model features either a M12 Cable Gland with 12-inch (300mm) leads or M12 4-Pin Quick Connect.

Federal Signal has also released the LP57 Mini LED Beacon video. To view the video please visit the video library on www.fedsig.com or YouTube.
