

ICON™ UTILITY BAR

ALL NEW ICON UTILITY BAR AVAILABLE NOW FOR WORK TRUCKS

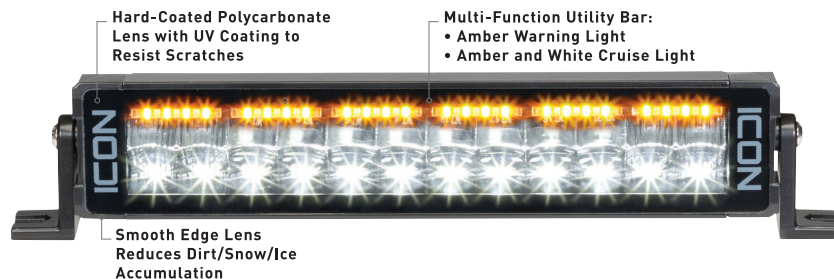

Federal Signal is pleased to expand our offerings with today's release of the high-powered LED, multi-function **ICON™ Utility Bar**; an all-new innovative solution designed for the Work Truck market.

Featuring a unique **White flood/spotlight** with built-in **Amber warning** and **Amber or White cruise**, the ICON Utility Bar provides warning light and work truck scene lighting around tow trucks, construction vehicles, utility trucks, public works, snowplow, or pick-up trucks. **Models are available in 13" and 21" lengths.**

This high-quality product meets SAE J595 Class 1, IP69K, and RoHS, and CE certifications approvals.
