

ELIMINATION OF SURCHARGE AND LIST PRICE CHANGE

ANNOUNCING ELIMINATION OF SURCHARGE AND NEW LIST PRICES EFFECTIVE MARCH 1, 2022

To our valued customers in the Police/Fire and Work Truck Markets,

Due to the ongoing effects of the pandemic, we have experienced significant cost increases across broad segments of the global supply chain, impacting a wide variety of raw materials, components, and freight.

As a result, Federal Signal will implement an increase to our List Prices effective March 1, 2022. Simultaneously, the surcharge that was implemented on November 22, 2021, will be eliminated with new orders received as of March 1, 2022.

Following is a summary of the March 1, 2022, List Price changes:

- Surcharge that was implemented on November 22, 2021, will be eliminated
- Majority of our product lines will increase approximately +5%
- NightSpire® Flood and Spot Light will not change
- Replacement ROC board List Prices will not change

[Click here](#) to obtain the new List Price (by model number). Note that the basic data files do not include list prices for “configured” items such as light bars and ILS Systems.

At this time, due to significant cost/price volatility, printed copies of our Price Books will not be available until further notice. However, in March, Federal Signal will publish updated PDF files of the 2022 Police, Fire/EMS, and Work Truck Price Books on www.fedsig.com.

Thank you for your continued support of Federal Signal products.
