Introducing the New

LP57 Streamline® Mini LED Beacon

Model LP57 is a LED light with an opaque lens ideal for applications requiring low profile signaling. Single color models are steady burn and are available in Amber, Blue, Green, Red, or White. Multicolor models feature a single flash pattern and offer seven color options in one device. Each model features either a M12 cable gland or M12 4-pin quick connect.

The enclosure offers a self-extinguishing polycarbonate housing that protects against vibrations, dust, and atmospheric elements, and it is rated Type 4X.
