

ICON™ UTILITY BAR

NEW 24-INCH MODEL NOW AVAILABLE

FEATURES

- High-powered utility light bar
- 6,650 effective lumens
- Combination flood/spotlight with (24) LEDs
- Die-cast aluminum housing with hard-coated polycarbonate lens
- Two-pin automotive connector
- Multi-voltage, 12/24 Vdc
- IP67 rated for protection against dust and water
- Three-year warranty

Federal Signal is thrilled to introduce a 24-inch version of our ICON™ Utility Bar. This sleek, high-performance LED work light bar delivers an impressive 6,650 lumens through its 24 LEDs, featuring a mix of flood and spot reflectors for outstanding illumination.

Essentially the same powerful light found in our popular ICON Tow Winch Light, this new model is offered without the original winch bracket. Instead, it includes adjustable brackets and durable stainless hardware for versatile mounting options.
