## NEW MICROPULSE® HOTFOOT®

Federal Signal introduces the new MicroPulse® HotFoot® that allows for more customized flexibility. The new MicroPulse HotFoot is available in tri-color Red/Blue/White and incorporates FSJoin™ technology to provide additional programming capabilities. MicroPulse HotFoot is built into the base of the light bar and allows for the flexibility of having either take downs, alleys, or both.

The new MicroPulse HotFoot will replace the existing IMPAXX® HotFoot.

### HOW TO ORDER

The new MicroPulse HotFoot is available as a configurable option on the Valor® light bar and can be ordered using our online light bar configurator: [Federal Signal | Light bar Configurator | Valor](#)
