

# 371LED AND 371LEDX

## NOW AVAILABLE IN MAGENTA

Federal Signal is excited to announce the 371LED and 371LEDX Commander LED Rotating Lights are now available in Magenta.

The 371LED and 371LEDX are designed for both safe areas and hazardous locations, featuring a powerful array of 12 LEDs positioned beneath a reflector. This reflector concentrates the light from the LEDs into a high-intensity beam, capable of rotating a full 360 degrees for optimal coverage.

To ensure durability, the LEDs, reflector, and motor module are securely housed under a polycarbonate dome, creating a water-tight and dust-tight enclosure. Wiring can be routed through the pipe-mount opening in the bottom of the light or the two side knockouts can be used for side entry wiring. Installation options include surface mounting of 1-inch pipe mounting, with optional wall and corner mount brackets available.

### 371LED and 371LEDX Commander Rotating Light Features

- Available in 120VAC
- 50,000 hour LEDs
- Five lamp/lens colors: Amber, Blue, Clear, Green, Magenta, and Red
- Surface mount and integrated 1-inch NPT pipe mount
