

416300 SERIES

NEW TRI-COLOR 416300 SERIES

FEATURES

- Flush mount perimeter warning light
- Single- and tri-color models
- (19) flash patterns
- 12 Vdc single-color, 12/24 Vdc tri-color
- Flush mount with two different size grommets
- Five-year warranty

Federal Signal is pleased to announce the release of our new Tri-Color 416300 Series.

The 416300 series are completely sealed to prevent any water ingress. Each model includes two different size grommets for flush mounting. 416309-RBW-SMK comes with a smoked lens for a more discrete appearance.

The 416300 Series are FSJoin™ compatible. FSJoin is a programming compatibility feature of Federal Signal's light bars and exterior/interior warning lights that work in conjunction with a Convergence Network siren or controller. When using FS products, the Convergence Network siren/light controller controls all the vehicles warning light flash patterns, dimming features and light head syncing / alternating patterns.

TRI-COLOR MODELS HAVE (9) LEDs - (3) PER COLOR
