

750A ELECTRONIC SOUNDERS

INTRODUCING THE NEW 750A SERIES SOUNDERS

FEATURES

- Remote Alarm Tone activation with PNP, NPN, dry contact or external DC Power supply
- Prioritized tone inputs
- NFC2 version has capability to add user provided digital audio files in .wav and .ogg file format via USB-C port
- NFC2 models support four channels for customer messages
- Available in 12-60 Vdc, 12-24 Vac, and 100-240 Vac
- Adjustable sound output ranging from 90 - 120 dB

Introducing the new Federal Signal 750A sounders — a powerful addition to our industrial signaling product line. Delivering up to 120 dB of output with four remotely selectable tones, these rugged yet versatile sounders are built to perform in demanding industrial environments. With built-in NFC technology and the FS Configure app, setup and maintenance are faster, easier, and more efficient than ever.

The 750A Series is engineered to meet the demands of modern industrial signaling, and is ideal for process facilities, warehouses, logistics centers, and manufacturing environments. Users can also select from 64 pre-set tones and eight volume levels to create specific configurations.
