

FSIoT KITS

EXPANSION OF FSIOT SIREN COMMUNICATION UPGRADE KITS

Federal Signal is pleased to announce an expansion of our FSIoT product line with kits designed to meet a large variety of upgrade scenarios.

Modernize Siren Communication with Secure, Plug-and-Play Connectivity

The **Federal Signal FSIoT product family** delivers a streamlined, future-ready solution for siren communication. Designed to simplify operations and eliminate complexity, FSIoT enables a seamless transition from legacy radio systems to secure, managed cellular connectivity.

Simplified Connectivity—Right Out of the Box

Every device arrives fully pre-configured, providing a true plug-and-play experience for rapid deployment and minimal setup. FSIoT Gateway and Siren Communication Kits connect directly to Federal Signal's managed cellular IoT network, removing the burden of:

- Purchasing and managing third-party data plans
- Acquiring and installing SIM cards
- Configuring network access and security

FS IoT can upgrade your existing siren infrastructure with confidence by:

- Replacing aging VHF/UHF radio systems
- Improving communication reliability and coverage
- Securing your network with managed cloud connectivity

Comprehensive Kit Options for Every Application

The new FSloT portfolio supports a wide range of siren controllers and deployment needs:

HOW TO ORDER

DESCRIPTION	MODEL NUMBER
FSloT Upgrade Kit for DC Siren Controller (VHF/UHF radio not included)	Q-DC-FSIOT
FSloT Upgrade Kit for DC Siren Controller with 1-way VHF Receiver	Q-DC-FSIOT-RXH
FSloT Upgrade Kit for DC Siren Controller with 1-way UHF Receiver	Q-DC-FSIOT-RXU
FSloT Upgrade Kit for FC Siren Controller (VHF/UHF radio not included)	Q-FC-FSIOT
FSloT Upgrade Kit for FC Siren Controller with 1-way VHF Receiver	Q-FC-FSIOT-RXH
FSloT Upgrade Kit for FC Siren Controller with 1-way UHF Receiver	Q-FC-FSIOT-RXU
FSloT Upgrade Kit for FCT Siren Controller (VHF/UHF radio not included)	Q-FCT-FSIOT
FSloT Upgrade Kit for FCT Siren Controller with 1-way VHF Receiver	Q-FCT-FSIOT-RXH
FSloT Upgrade Kit for FCT Siren Controller with 1-way UHF Receiver	Q-FCT-FSIOT-RXU
FSloT Upgrade Kit for UV Siren Controller	Q-UV-FSIOT
FSloT Upgrade Kit for UVIC Siren Controller	Q-UVIC-FSIOT
FSloT Upgrade Kit for UVRI-B Siren Controller	Q-UVRI-B-FSIOT
Universal Controller for Whelen® with FSloT and UHF Transceiver	UCT-WLN-U-FSIOT
Universal Controller for Whelen® with FSloT and VHF Transceiver	UCT-WLN-H-FSIOT
Universal Controller for Whelen® with FSloT, No Radio	UCT-WLN-FSIOT
Universal Controller for Whelen® with FSloT and VHF Receiver	UCT-WLN-FSIOT-RXH
Universal Controller for Whelen® with FSloT and UHF Receiver	UCT-WLN-FSIOT-RXU

Complete your system with a base station, antenna and service plan:

HOW TO ORDER

DESCRIPTION	MODEL NUMBER
FSloT Gateway Modem for Base Station/SS2000+	FSMODEM-CELLBASE
Low Profile Omnidirectional Cellular Antenna	CELL-ANT-LP
High Profile Omnidirectional Cellular Antenna 35 ft. cable	CELL-ANT-HP-35
FSloT account setup (one time charge)	CP-FSSETUP
FSloT data plan one year (per device charge)	CP-FS1
