- (4) programmable inputs, plus dedicated inputs for park, horn, and ignition
- Convergence Network Configuration Software allows for easy customization of the siren
- (2) FS Convergence Network ports
- Standard voice messages available in English, Spanish and French Canadian to broadcast alerts
- Five-year warranty

Federal Signal is proud to announce the release of our new PA300-200! The new PA300-200 is a programmable, 12/24 Vdc electronic siren. Which provides two independent channels of audio for a total of 200W.

Controller Features

The control faceplate includes a seven-position rotary switch, volume control, speaker diagnostics, and (2) backlit buttons. PA300-200 is designed to detect speaker faults. The diagnostic LED is available on the front of the keypad and is fully programmable. Diagnostic LED can be set to steady burn or flash when the siren detects a fault or normal operation for the speaker.

Amplifier Features

PA300-200 default siren tones include wail, yelp, priority, HI-LO, and air horn. A library of other selectable siren tones is available in the software. PA300-200 also includes two serial ports to be used with FS Convergence Network devices such as light bars or directional warning lights for easy "plug-and-play" installation. Other features include horn ring transfer, public address with included microphone, and radio rebroadcast.

PA300-200 has connections for four general-purpose input circuits, plus dedicated inputs for park, horn, and ignition. Ignition is an active-high only input, while all other inputs are programmable for active-high or active-low.

Compact Size

The PA300-200 siren is built small and compact, and each unit comes supplied with its own "U" shaped mount bracket. There are no protruding components to interfere with mounting arrangements.

APPROVALS

- SAE J1849
- NFPA 1900

FS TECHNOLOGY

HOW TO ORDER

MODEL	DESCRIPTION	2026 LIST PRICE (US \$)
PA300-200	Siren with self-contained controls 12/24 Vdc, 200 W	\$810.00
ACCESSORY		
DSM-1	Dash Mount bezel for use with PA300-200	79.00

Obsolescence of the PA300

In our continuous efforts to better streamline our product offerings, Federal Signal is announcing the discontinuation of the original PA300. This includes models 690009 and 690010. The recommended replacement would be the new PA300-200.
